**DIODE LASER - GREEN
MODEL GDL**

JAIN LASERTECH has been offering the most reliable Red HeNe Lasers (besides the Green, Yellow and Orange HeNe Lasers) for the past two decades. Later, we added the Visible Diode Laser range at Red wavelength. Now, we have the high performance diode laser at Green wavelength (532nm).
Beam Dia. : < 3 mm.
Beam Divergence : < 1.2 mrad.
Input Operating Voltage : 230 V / 50 Hz mains.

Model GDL-10 is 1mW and Model GDL-30 is 3mW. **Laserhead with sepearte power supply** as well as **self-contained** versions are offered. Matched **kinematic mounts (with stand)** are optionally available with laserheads for convenient beam positioning and alignment. Electrical protection features ensure long life. A precision multi-turn potentiometer ensures smooth and soft starting of the laser.
