JAIN POINTER MODEL LP-30

Modernize your audio-visual presentation

A smart, state-of-the-art application of the path-breaking semiconductor diode laser technology. Make a small, bright dot at the spot on wall / screen / just any thing that needs drawing attention of the people around you.

No problem even if the object is 50 meters away; you don't need the traditional stick or for that matter no throwing a stone showing directions.

Exit stick and *enter* laser-based JAIN pointer.

A must for every occasion in institutions, seminar hall, conference room, lecture hall, meeting room.

Nominal output power is in the range of 3 to 5 mW and more.

This Handy shaped Laser Pointer is fitted with a powerful, reliable and long-life battery pack which is easily replaceable.

Wavelength : Red
Beam spot : 2 mm x 1 mm (approx.).
Divergence : 0.4 x 1.2 mrad (approx.).
